UNDERGROUND VENTILLATION SOLUTIONS

**Are you looking for a reliable company to support your industrial component requirements?**

**Look no further than TMS East Africa Co. Ltd** with over 30 years' experience in Africa and located in 20 countries Worldwide. **TMS** is a leading UK based supplier of spare parts and supplies to Mining, Construction, Oil & Gas Industries. Here at **TMS**, we appreciate how the availability of industrial parts and components is vital to your business operations. The need to avoid machine breakdowns and keeping your plants and equipment running are some of the challenges you face on a daily basis.

**TMS** can help you with your requirements and can assist you through the purchase of your industrial parts and components. Our Company has proven track record within Africa and Asia for providing a cost effective engineered solution and have established a reputation for providing excellent procurement services.

We offer the safest most reliable equipment sourced for the world's top manufacturers.

**We specialise in the following products:**

Tools, Bearings, Pumps, Motors, Gearboxes, Steel, Pipes, Valves, PPE, Filters, Safety Lifting, Electrical, Conveyor Equipment & Batteries.

Plus many other products used in the Mining, Construction, Oil & Gas Industries. Our prices are extremely competitive with our response and delivery time being unsurpassed.

**All of our products come backed up with complete and official manufacturers warranty for your peace of mind.**

# We Offer Engineering Solution

## TMS & ECE COGEMACOUSTIC PARTNERSHIP IN UNDERGROUND VENTILLATION SOLUTIONS

**ECE COGEMACOUSTIC®** has more than 40 years of experience in the fields of underground ventilation & dedusting. We put this know how to good use in the high quality of our ventilation studies and the performance of our material.

Our large range of products, comprised of axial fans, jet fans and dedusting units guarantees the optimal ventilation of underground works of all sizes and types.

**ECE COGEMACOUSTIC®** factory located in the center of France incorporates all departments (design office, R&D, sales, expedition) as well as our production facilities (steel fabrication, machining, electrical and automation, machine assembly). This allows us to maintain complete control over the design and manufacturing of our products from A to Z.

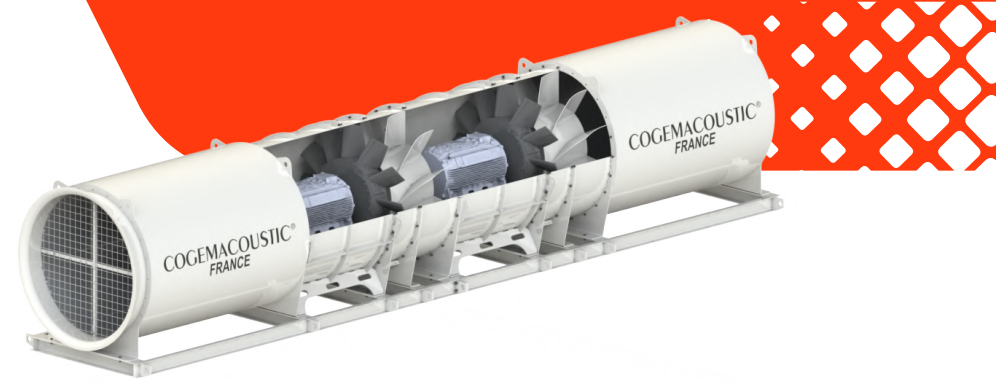

All products in the range undergo tests which guarantee correct operation prior to their

onsite installation as well as ensuring reliable and durable performance.

Thanks to our worldwide network of agents and partners, we can offer comprehensive sales and after-sales back up.

Consequently, we are in a position to provide a rapid and adapted response to customer requirements at any phases during the project as well as throughout the entire life cycle of the materials.

**ECE COGEMACOUSTIC®** service team provides complete assistance anywhere in the world in order that your equipment operates at its optimal capacity at all times.

## UNDERGROUND VENTILLATION SOLUTIONS

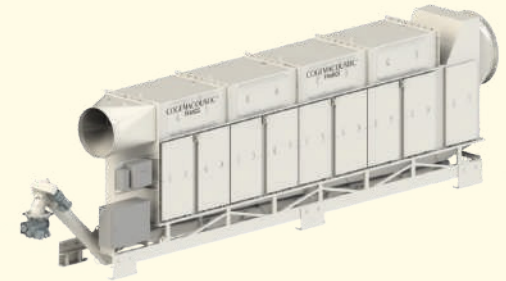

### HIGH PRESSURE FANS T2 / TXU

- Aerodynamic G Energy Performance
- Reliability G Robustness
- Low Noise Level
- Automated System Management Minimal Maintenance
- Power Up To 2 000 Kw
- Diameter From 300 To 3,200 mm

### DEDUSTING UNITS DVS

- Filtration Efficiency Up To 99,9998 %
- Realtime ΔP Indication
- Automated Pulsed Cleaning
- Treated Airflow 2 To 35 m3/s
- Filtration Quality H11, H12, H13
- Evacuation Of Dust In Liquid Form Available (Mixing Tank)

### JET FANS

- Aerodynamic G Energy Performance Steel G Stainless-Steel
- Fire Resistant Up To 400° / 2h
- 100 % Reversible Or One-Way
- Thrust From 200 To 2,400 N
- Diameter From 630 To 1,600 mm

### ELECTRICAL PANELS

- All Types Of Starters : Vfd, Soft Starter
- Automated System Management
- Top Quality Manufacturers Low Harmonics

### ELECTRICAL CONTAINERS

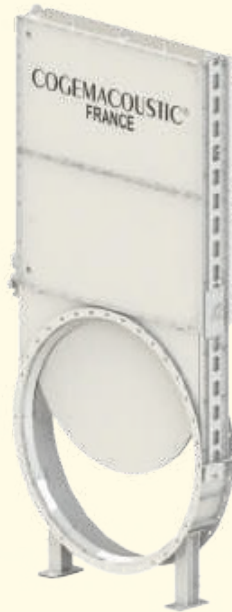

- Gaz Detection Systems Automated
- System Management Fire Protection System
- Ease Of System Operation Mcc

### ACOUSTIC SOLUTIONS

- Acoustic Optimization
- Modular Design
- Customized Silencers

## **DAMPERS**

### **CRGV / CRGP / CRGG**

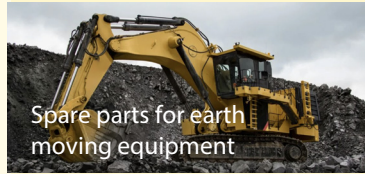

- Reliability & Robustness
- Modular Design
- Minimal Maintenance Vertical & Horizontal

## **DUCT & ACCESSORIES**

- Reliability & Robustness
- Modular Design
- High Quality Tailor-Made

## SERVICE/SECTOR

## MOVING FORWARD

We hope that this brochure information has the foundations for us to start to build a closer working relationship between our companies, and we look forward to setting up a meeting with you in the near future. You can be sure that the dedicated team at **TMS** are ready, and relishing the prospect of a partnership with you.
